Commercial and Money Matters. Monday P. M.
The business of the Board was very light to-day, and

hit little or no change in rates. The transactions in State Stock were also very light, but st full tates. Sixes improved 1 per cent. There is more demand to-day for Foreign bills, and there

has been a fair business done. No improvement in rates. Serling, 51 a6; Francs, 5.45 a 5.421. Some leading Southern bills are selling at 5 a 54. In Inland Exchanges there is not much doing, excepting Mobile, for which there is a good demand and light sup

ply. The rate has improved to 125 a 13 per cent. Virginia a rather worse. We understand there is some difficulty experienced in getting remittances. The Richmend banks pay out the

netes of the distant branches and redeem only their own issues in specie, and not their deposits or bank balances. The amount of their issues is represented as small, while those at the distant and more inaccessible branches are much larger.

Wyman, Fresident of the Phenix Bank, Charlestown, has been finally held to bail in \$40,000, and Browne, cashier, and Skinner, in \$20,000. The following gentlemen became bail for Wyman: Charles Thompson, Samuel Lapham, Luther Lapham, and Amos Binney. Browne's bail are Timethy Tempson, Samuel T. Thompson, Alfred B. Hall. Mr. Skinner's are H. P. Fairbanks, John F. Skinner, and The Goshen Democrat publishes the following statement

of the aggregate receipts for freight and passengers, on the New-York and Brie Railroad, for the two weeks, ending October 15th, 1842:

Freight Eastward. \$1,859 55
Westward. 1,201 60
Total for Freight. \$3,151 15
Passengers East. \$1,037 33 West 935 43
Total for Passengers 2,022 51 Altered notes on the Bank of Baltimore, changed from two dellars to ten, are in circulation in Baltimore. They are signed by C. C. Jamison, Cashier, and J. H. McCulloh.

President; whereas the genuine ten dollar notes are not signed by these gentlemen. Counterfeit \$30 notes purporting to be on the Farmers' Bank of Virginia, are also in circulation. The Commercial and Farmers' Bank of Baltimore has

declared a dividend of three and a half per cent, for the last The Meners' Journal says: "The shipment from this re gion, including the little Schuylkill trade amounts in round numbers, to 464,000 tons coal, shewing a decline from the same period last y ar, of 30,000 tons. The shipment from the Lehigh region up to 18th inst. are 219,856 tons.

The Nashville Whig of the 15th, reports a material imprevenient in Exchange rates, which it attributes to the near approach of the shipping s ason. The crops of Tennessee are spoken of as very abundant. Eastern Exchange is supplied at sight or short date at 2 a 24 per cent-60 days, par. The Tuscaloosa Flag of the Union, of the 12th, contains a detailed statement of the condition of the Decatur Branch Bank, made up to the 24th of Sept. Since the last annual report, the Branch has reduced her circulation \$603,073, while her specie has only been reduced \$126,820. The circulation now is \$947,931, and the amount of gold and silver, \$515,066 64. If, says the Flag of the Union, the State Bank and the other Branches made equal exertions to restore the credit of Alabama, the liabilities of all will be shown in the next annual report to have been reduced within the year over three millions of dollars, while their specie funds will he within less than five hundred thousand of the amount then reported. Mr. Compton, the first teller, has published scard, denying that the Bank has been engaged in a specuking in specie with the Nashville brokers.

The Democratic Herald states that the Huntsville Branch has also reduced her circulation materially, and that she has in her vaults more than specie enough to redeem every dolbrof her circulation. Since 1st January, \$164,000 have been redeemed, leaving a circulation of \$110,000 The Montgamery Branch is said to have reduced her circulation since 1st January, \$550,000. It has now ceased checking. At Louisville Exchange on the East 11 premium. Bank checking liberally.

The loss of the Citizens' Insurance Company, St. Louis, by the burning of the ship St. Louis, is over \$24,000. At New-Orleans the difficulty of negotiating Exchange increases. Light bills are at 4 to 6 per cent. discount. Treasury Notes, 3 a 4½ discount. The broken notes were in fair demand, and in some cases had improved. The Mechanics' & Traders' Bank of New-Orleans is said

to bave resumed specie payment

TFall Style of Gentlemen's Hats-BIRD corner of Pine and Nassau-streets, has now ready for inspection and sale the Fall Standard Pattern for Gentleof FSMkW-

I Spencer announces to gentlemen that his arrange ments are now completed for supplying according to pre vious intimation, a FINE FUR HAT at a price (83 25) which shall render it emphatically the cheapest as well as lowest priced Gentlemen's Fur Hat ever on sale in this city. It is prepared in the same style which characterizes our finest article, and like that article is offered at a price at which it cannot be continued without an unusually rapid sale. The undersigned with all confidence affirms it to be for the gentleman and economist the most desirable Fur Hat yet offered. (020tf) SPENCER, 245 Broadway.

Tr Orlando Fish, Fashionable Hatter, 187 Broad way, would inform the gentlemen of New York that his most valuable work, price only 25 cents. Nothing has been Fall and Winter style of Hats is now ready for their inspection and critical judgement. Claiming the distinction of having been the first to project and abide by a strictly AMERICAN style of Hats, instead of servilely copying the Fashions of Europe, which are often unsuited to our climate and manners, he rejoices to perceive that others have seen fit to follow his lead, and that now the following of European Fashions in Hats is almost entirely abandoned by

the leading manufacturers.

He offers a Winter style of Gentlemen's Nutria Hats at \$3.50, and warrants them equal in material, finish, fashion and durability to any Hat sold as low as \$4 in the city. But he wishes it distinctly understood that his best Hats are not sold at this price, but at \$4.50. These he recommends as equal to any hat sold in New-York at \$5 or under, and challenges for them a comparison with any other. Gentlemen visiting our city are respectfully invited to call and examine his new stock of Winter hats and judge of their quality. He is confident that, whether the cheapest or

the best Hat is desired, the inquirer will here be satisfied.

Try him. (s20tf) O. FISH, 137 Broadway. I Conant, Fashionable Hatter, 280 Grand-street, would inform the gentlemen of New-York that his fall and winter style of Hais are now ready for

In strict accordance with the true principles of economy, the subscriber has introduced for the economist a beautiful, fine finished. Fur Hat at the low price of \$4, which he unbesitatingly affirms is equal to those sold in more expensive parts of the city at \$4.50 and \$5. To those who wish a low price of Hat he offers a fige. Sinkhed, substantial article of priced Hat be offers a fine, finished, substantial article of Fur Hats at \$3, equal to those sold for \$3.50, or even the famous \$3.622 Hat. Also, a complete assortment of Silk

CONANT, 280 Grand-street. for Far Ents at \$3.50.—The subscriber having had a number of applications for a FUR HAT, combining the qualities of beauty and ourability, at a reduced price, has made arrangements with his manufacturers by which he will be enabled, on Wednesday next, Oct. 12th, to offer to his numerous customers, and the public generally, an article which, for fineness of material and beauty of finish, he feels confident will be some if not superior to, my thing of feels confident will be equal, if not superior, to any thing of the same description that has, as yet, been offered. The subscriber will not insult an intelligent public by saying, in the language of an advertiser who claims to regulate (?) the fashions, that the article now offered is the same as that formerly sold for six and even seven dollars; still, he has no hesitation in asserting that it is worth at least twelve and a half per cent more than the price asked. He is also prepared to sell a CASSIMERE HAT of superior quality at the same price, for which, together with an assortment of Satin Beaver, Moleskin, and extra fine Fur Hats, he solicits

old 1gn S. WINTERTON, 166 Canal-st., N. Y. To Fall Fashion Hats now ready-Watson' Silk Hats, only \$2.50, are recommended to the public not only for economy but as possessing all the elegance of contour of the most costly; combining utility with beauty; this article cannot fall to commend itself to the connoisseur as well as economist. Also, Moleskin Hats, at \$3.00; Beavers at \$4.50; Cassimere and Nutria Hats, at \$3.50 each; th are his standard prices, and he need only remark that by confining himself to one quality and price for each descrip-tion of hats, he is cnabled to furnish a superior article at prices far below those at which Hats of the same descripion are now vending by other manufacturers.

A steady and permanent increase of patronage for the last 7 years is a sufficient indication of public judgement, and constitutes the best test of their merits.

Thighly Important to the Afflicted.—Consumption, Rheumatism and Dyspepsia cured without the trouble and expense of emigrating South during the winter.

pr. John Thomson, 343 Broome-street, two doors from the Bowery, has discovered, by a long course of successful treatment, that these formidable complaints can be cured at the North during the winter, without the trouble of emigrating South. By calling at the office, those afflicted as above can receive the most satisfactory explanations and abundance of reference as to the safety and success of the plan adopted. Bleeding at the Lungs stopped instanter and the cough removed in a short time by this plan. Call at the office and see the patients now under treatment; an interview will be most satisfactory to the enquirer, and will cost nothing. One visit will be made gratis by the Dictor, within the bounds of the City, to any patient that may wish an explanation of the safety and success of his treatment, it the patient is not able to call at the office. Highly compli-mentary letters to the Doctor may be seen at the office from the Kings of France and Prussia; also, a massive gold medal from Louis Philippe. c22 1w*
